"A Winter Wonderland" on May 11. Antioch residents awoke Wednesday morning to find a layer of snow on the landscape, and trees and bushes weighted with the sticky white stuff. The late snowfall broke records, as did the unseasonably cold weather.

## Shoppers Pursue Prizes In Treasure Chest Hunt

"You've got to have a coupon." Those were the most frequently-heard words as the Treasure Hunt started in Antioch last Thursday.

Despite all the advertising, quite a few people didn't seem to realize they had to have a coupon to get a key for a chance at some of the thousands of prizes being given away. All the local stores were soon out of the papers carrying the coupons, but there will be more in the new papers coming out this week.

Hundreds of people tried their keys in Treasure Chests throughout town, and officers of the Chamber of Commerce drew prize-winning coupons from the box and announced winners until they were hoarse.

John Romer and his staff are beginning to wail a little under the pressure of compiling lists of winners of the coupon-drawing. Romer, president of the Chamber of Commerce, volunteered to handle the listings from his office when Chamber Secretary George Camphousen was forced to resign because of illness.

Lists of winners are posted in the window of his office. "I'm going to run out of window pretty soon," said Romer, with several days of the promotion left to run.

The Treasure Chest Hunt will extend through Saturday. Coupons are in this week's papers. They can be traded in for keys, and the coupon goes into a box for a drawing for more prizes.

If your key won't open the Chest in the store where you turn in your coupon, try it in the other stores. It may open

one of the Chests.

Each merchant supplies the prizes for his own chest. Some of the lucky shoppers have been two-time winners at opening chests. Chester Golonka Antioch, opened chests at Wilton's Electric and at the State Bank, winning a percolator and a savings bank. Art Doty also opened two chests, and Mrs. Arthur Doty picked a key to open one.

The lists of winners in the drawings are posted regularly in the window of the Romer Insurance Agency on Lake St. Check the lists—your name may be there.

## New Voting Machines On Display Here

If you've been wondering how the new voting machines will work, here's your chance to find out. Lloyd "Red" Murrie, Antioch supervisor and chairman of the county board, has announced that there are two in Antioch for demonstration to curious voters. They'll be here for about ten days.

One of the machines is on display at the Township office at 920 Main St., the other at the State Bank of Antioch. There will be someone on hand at each place to show you how they work.

The machines are amazingly simple. The one requirement that the card be inserted so that two holes at the top of the card hook over the two small hooks at the top of the machine. This is a chance for every voter to learn how the machines work so that there will be no confusion on election day.

"Red," incidentally, was laid low by a virus last Tuesday, his first full official meeting since being elected chairman of the county board on April 19.

## ACHS Summer School Starts Next Month

Registrations are already being received by Antioch Summer School Director, Lawrence P. Eggleston, in many areas. Courses are being offered beginning June 20 in English, History, Science, Math, Typing, Reading, Government, Social Problems, Art, Driver Education, and Safety Education.

Also included are special courses in Preparatory English and Preparatory Math which incoming eighth graders are encouraged to attend. All courses will operate through August 1. Full information can be obtained from the Antioch High School office, telephone, or personal inquiry.

A large enrollment is expected and as a result prospective students are requested to register early as it may be necessary to limit enrollment in certain areas.

## Pick ACHS Prom Queen Candidates

"Blue Hawaii" is the theme for the glamorous event of the Antioch High School social year—the Junior-Senior Prom. The prom will be held this Saturday night, May 14, at the high school. The nominees for Queen have been chosen, but the final selection will not be made public until about 11 p.m. Saturday.

Nominees for Queen are

Glenna Burns, Judy Furlan, Sally Minnick, Pat Prossie and Sue Toben.

The President of the Junior class becomes King automatically. This year the King will be Fred Gras.

Escorts for the Queen's Court will be Jim Litchfield, Jeff Pacley, Tyrone Walls and Don Zeman.

## Bank Working On New Quarters

The First National Bank of Antioch will be moving to a new location soon, to the building on the corner of Lake & Main that was formerly occupied by the State Bank. Right now, a complete remodeling job is being done at the new location.

Vice President E. J. Sletten says he hopes the new location will be ready for occupancy in sixty days. Director Elmer Rentner thinks ninety days will be closer.

The building on the corner of Lake and Main that served as a gas station, then the Chamber of Commerce office, has been demolished to make way for a drive-up window. The drive-up window will be the latest thing in automated banking—it will be a TV drive-up window.

Customers will drive into the area from Main St., and see the drive-up teller in the TV screen. She can also see the customer, though she'll be located in a bullet-proof and steel-lined glass window near the west corner of the bank.

The teller will release a deposit capsule for the use of the customer, and the remote control transaction will be completed, usually within 1½ minutes. Space is provided for addition of another drive-up window later.

The corner lot will also provide parking for four or five cars for the convenience of bank customers.

The interior of the bank is being remodeled throughout. Six teller's cages will be installed along the south wall of the bank. The teller's cages are the latest thing in bank design with panels that can be easily changed to vary decor. The walls are being redone, and present plans include murals on the north wall.

Immediately north of the entrance will be two conference rooms. The entire area, including the lobby, will be carpeted.

The bookkeeping department and employees' rest rooms will be upstairs, as will a Director's meeting room.

Bricks are being removed in the south wall of the bank to install a door. The wall of the bank will be moved out about three feet at this point, for eighteen feet. This will be where the teller who services the TV window will be located. A walk-up window will be installed here, too, and the same teller will be able to service this. The bank will have two night depositories.

The TV equipment and teller's cages are from Mosler's. The TV screen, says President Russell Barnstable, can be switched so that the depositor

can see himself. Kids react with delight to this opportunity, he says, waving and "mugging" at their own image.

A sign of the times, says President Barnstable, is the long wait for bank equipment. So many banks are remodeling and expanding, he says, that even the most conventional equipment requires a sixty-day wait. He's hopeful that the bank can move in sixty days.

A Grand Opening date will be set after the bank moves to the new quarters.

## Win A Trip To Camp

It appears that Antioch boys simply don't want a free trip to summer camp. Or maybe they haven't heard about the contest being sponsored by the Antioch Police Department.

The Antioch police department can send two local boys to camp without any expense to the local department, courtesy of the Policemen's Association.

Chief Heick decided to narrow the number of applicants by having the boys write an essay on why they want to go to camp. So far, however, the contest is wide open.

Come on boys, sit down and write a short piece saying why you'd like to go to summer camp and drop it off at the police station. It's all free and you may be the winner of that two-week trip.

## Register By May 16th

If you want to vote in the June 14 primary, don't forget to register by Monday, May 16.

May 16 is the last day to register. You may do so at the Township office at 920 Main St., Antioch, or in the Lake County courthouse.

You must register if you have changed your residence since your last registration, or if you have changed your name. Requirements for voting in the June 14 primary are that you be 21 years of age, have lived in the state one year and in the county and your precinct 30 days.

## Injured When Hit In Eye With Ball

Mike Turck, Rt. 1, Antioch, was taken to St. Theresa Hospital Tuesday evening after being hit in the eye with a ball during Little League play.

No further information on the accident could be obtained at press time.

## O.K. Warning Lights At Ida St. Crossing

Warning lights and a bell will be installed at the Soo Line railroad crossing at Ida Ave. in Antioch.

Mayor Ray Toft was notified of the decision of the Interstate Commerce Commission last week. The official notification outlined the

conditions and apportioned the cost.

The State will bear 70% of the total cost of \$10,400. The village will pay 20% and the Soo Line \$10%.

Maintenance, estimated at about \$500 a year, will be up to the village.

The State notified Mayor Toft that Ida Ave. at the present does not meet requirements for the installation. Although the notification did not specify the fault, Mayor Toft said he felt that the Commission would want the road widened on the east side of the track, as they had pointed out this deficiency at the hearing.

Antioch had requested the grade crossing lights some time ago. A hearing on the matter was held last January. At that time, Mayor Toft and Attorney Ed Jacobs presented pictures, figures on the amount of traffic, etc. to show the need for the crossing lights.

Installation of the lights will be handled by the railroad. They have one year to complete the work, and must notify the State of their progress by January 1, 1967.

The crossing is used by a great many workers in Industrial Acres, and Quaker officials have been active in working for the installation.

## Water From Storm Sewers Goes Thru Treatment Plant

Charles Maplethorpe presented a year-end report on the water and sewer department to board members at the last village board meeting, pointed out that one thing the statistics showed was that about 20,000,000 gallons of water a year from storm sewers are going through the sewage treatment plant, a situation which he felt should be remedied as soon as possible.

The village wells pumped 135,549,000 gallons of water

last year, an average of 372,000 gallons daily. However, 156,345,000 gallons flowed through the sewage treatment plant last year, a daily average of 30,000 gallons.

Antioch's wells pumped 3,000,000 more gallons of water this year than last. Ten new meters were installed, 39 repaired, nine new users were tapped into the water mains and 20 into the sewer mains.

Maplethorpe reported that the sewage treatment more than satisfied state requirements; 5,964 pounds of chlorine were used at the plant for the year.

Total expenses of the sewage treatment plant, including salaries, was \$11,028.67.

## Concert For Music-Lovers

The Fine Arts Department of Antioch High School will present the Concert Choir in their Annual Spring Concert, May 21, at 8:00 p.m. in the High School Auditorium.

A variety of music will be presented for the enjoyment of all musical tastes.

Special features of the evening's program will be the Swedish Glee Club of Waukegan, the Swing Choir and soloist Gary Strahan.

Tickets may be obtained from the members of the choir, or at the door.

"Yes, two million dollars does seem a little high for a light bill, Mrs. Peters—let me check our records on that."

## It's Academic Sat. Night

To see some of Antioch High's brightest students in action, tune in Channel 5 at 6 p.m. Saturday night, May 14. That's the night Antioch High's team will be competing on "It's Academic."

The Antioch High School panel will be Jeannie Stephens, David Chandler and Roger Kovachy.

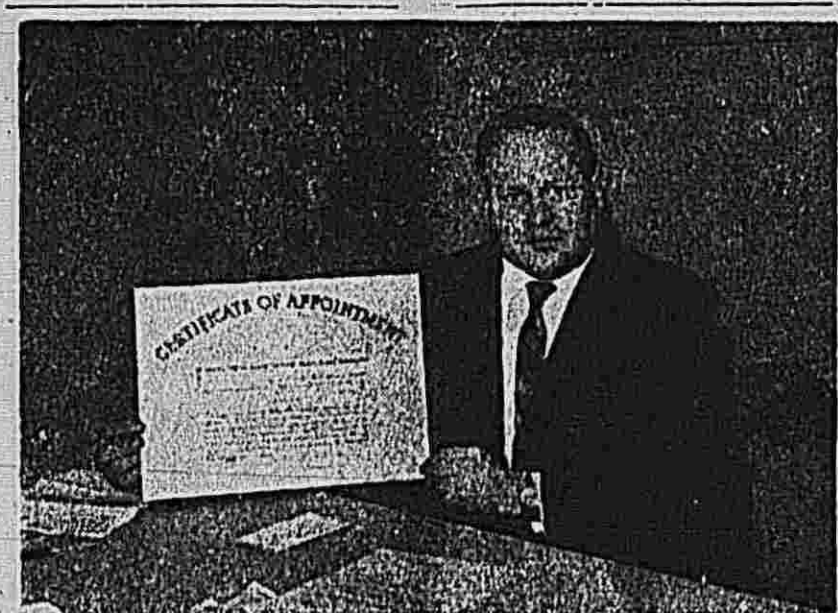

Three schools—Antioch High, Lockport Central and St. Patrick High Schools will compete on the quiz show Saturday.

## Accidentally Shot In Leg

Misfortune continued to dog the Pierce family this week. Gordon Pierce, Jr., who slid out from under a car they were working on moments before it fell on his father and killed him, is in Victory Memorial Hospital with a bullet wound in his leg.

Young Pierce was target shooting with a friend, James Werda, at the home of his grandmother, Mrs. Elsie Pierce, on Depot St. near Antioch. He said he and Werda were reloading their pistols when Werda's gun accidentally discharged. The bullet hit him in the leg.

He was given first aid at the Antioch Clinic before being taken to the hospital.

Postmaster Joe Wolf

## Joe Wolf Now Acting Postmaster

Joseph Wolf, Rt. 4, Box 500B, has been the new acting Postmaster at the Antioch post office since April 1.

He is the second acting postmaster Antioch has had since Roy Kufalk retired early in the year. Clarence Kufalk served a short time in the position before Joe's appointment.

The temporary appointment could last for years. Or at any time, the date for a Civil Service exam could be set, and all who wished could take the test. The permanent Postmaster would then be chosen.

Postmaster Wolf has had no previous experience in postal work, but is learning fast, he says. He has a thoroughly experienced staff and everything's going fine, he says.

Joe has lived in Antioch 14 years, moving here from Tre-

vor. He is 48 years old. He and his wife, Elsie, have a married son, Joseph Roger, in his fourth year of pre-law study at the University of Wisconsin.

Wolf was born in Chicago, lived in Cicero for many years; then moved to Trevor, then to Antioch in 1952. He worked for General Motors in plant engineering, for Liquid Carbonic Corp. in soda fountain engineering, spent the years from 1942 to 1945 in the Air Force, and from 1950 to 1960 worked for American Motors in Kenosha as a supervisor and quality liaison representative.

He operated a farm at the same time he worked for American Motors, and moved to Antioch when he sold the farm.

Joe's hobbies are fishing and hunting.

Bridge fans watched with interest as the final match in the Consolation round was played last Wednesday night. Left to right, Dan Maras, Margaret Gaston, Mrs. Dan Maras and Helen Vogler. The Maras' were the victors.

### Not So Simple

Water—good, pure water and plenty of it—is one of the big problems facing every municipality today. And Antioch is no exception.

A surplus of iron in the village water has plagued housewives and businesses for quite some time. A new well hasn't solved the problem. What to do about it?

Plans were well under way to build a filtration plant about a year ago, and everyone thought the solution to the problem was at hand. But the cost of the filtration plant was much more than expected and the village board started to have doubts as to the efficiency and operating costs of the plant. Other communities were finding the plants a less than perfect solution and too expensive.

Mayor Toft and board members have been investigating various solutions to the problem since then. Their latest foray was to a pilot plant at East Chicago, Ind.

Here they saw sewage run through the filtering process and come out pure enough for drinking water. One big advantage of this particular process is that it is easily expandable as the population grows.

They've learned a good many things in their hunt for a solution to the village's water problems which should prove a help in future decisions. First, engineers have found that the water as it comes from the well is not too heavy in iron. It's in the trip through the water lines that the accumulated iron is picked up. So the village is contemplating flushing the iron from the lines. This will mean that the water will have to be chlorinated for a while.

Flushing out the accumulated iron is no permanent solution to the problem, Toft reports. Experts working on the question of why minerals in the water are becoming an increasing problem now believe that the fault lies in the water pipes.

The pipes were for many years either iron or lead. In late years, there's been a big increase in the use of copper. And the combination of the different metals, plus the water, produces electrolysis, which causes the mineral to settle in the pipes. This is one reason, says Toft, why new homes have more trouble with the iron than old homes — plumbers now use copper almost exclusively.

Prohibit the further use of copper? You'd still have to have brass fittings, says Tod Mapletorpe. It would hardly be practical to replace miles of water lines.

The board hopes that before too long they'll find the best and cheapest way to remove the excess iron from the water. And they want the people to know that they're not just ignoring the problem. They're putting in a good many hours hunting for the best solution before embarking on any plan.

## Courthouse Notebook

BY LOU DURKIN

One of life's little mysteries concerns the disappearance of that other shoe string. You know how it is. You get up late and you're in a hurry to get to the office so naturally you break a shoe lace. If you're well organized, you have a spare pair in a drawer against just such an emergency, but being in a hurry you change only the broken lace.

A week later the second lace gives way under the pressure of a late start, but the second spare has disappeared and all your careful planning and organizing has gone for naught.

The resignation of Robert Morris as Executive Director of the Lake County Regional Planning Commission could herald the renewal of the fight to eliminate the department by county board action. Most of the county board members have not really accepted the planning department as an integral part of county government and would have few compunctions about

contributing to its demise. A key argument which will be used by advocates of a county planning department to keep the blueprint boys is the necessity of having a planner in order to qualify for federal funds.

Even the most ardent advocates of economy in government and the most determined opponents of federal handouts are bowing to the inevitable.

Federal participation in local government is here to stay and the more realistic municipal officials are making plans to get all they can on the federal gravy train.

After all, if "we don't get our share of the money that is taken out of our community it will go to someone else."

The old saw about a prophet being without honor in his own community might well apply to local government officials.

In the last few months three county employees have been lured away from Lake

## Vacation Bible School Starts Next Month

At a recent meeting held at Trinity Evangelical United Brethren Church, Rev. G. Albert Murphy, pastor, plans were made for Daily Vacation Bible School to be held at the church, June 13 through 17, at 8:30 a.m. until 11:30 a.m. for children five years of age through sixth grade.

Registration will be held Saturday, June 11, at 11:00 a.m. for all those children wishing to attend this school. The theme to be studied this year will be "The Church."

Children of kindergarten age will study "Our Church" by Melba Petersen, under the direction of Mrs. Gladys Field and Mrs. Carol Sams, with Joan Kreutzer and Janis Flint as their assistants.

The primary age children will study "The Church, the People of God" by Marian L. Kuns under the direction of Mrs. Lois Flanagan, Mrs. Evelyn Murrel and Mrs. Dee Flint. The Junior age children will study "The Church at Work and Worship" under the direction of Mrs. Betty Kreutzer and Mrs. Marian Sams.

Mrs. June Marshall will be in charge of music. Mrs. Carl Hildinger will be in charge of refreshments and Pamela Pomeroy and Jennifer Field will be in charge of recreation.

A meeting of all teachers will be held May 16, at 8:00 p.m. in the church study to complete final arrangements for this school.

County by other agencies which could indicate their efforts are better appreciated elsewhere than they are here in Lake County.

Former Public Works Director John Morris left Lake County for a similar post with more money and more authority in DuPage County.

Dr. Arthur Baker, head of the county health department, will be heading east to New York with the planning department's Morris and moving into a more important and better paying post.

With the demand for planners and health department directors increasing, Lake County may well wind up paying more salary to their successors than Morris and Dr. Baker were able to command. It's a cinch the new appointees will be able to demand and get higher salaries than any of the elected officials.

Chicago Daily News Political writer Charles Cleveland is still carrying on his vendetta with W. J. Murphy, of Antioch, former state legislator who is a candidate for State Representative again.

Cleveland was one of the chief journalistic hatchmen who joined State Treasurer William Scott and Cook County Sheriff Richard Ogilvie in the "cleanup" of the Republican Party leading to the purge of six veteran GOP legislators two years ago.

In the recent political survey in Lake County, Cleveland again sought to discredit Murphy in the eyes of Lake County voters.

The Chicago political observer admits, however, that Murphy is probably stronger in Lake County today because of the purge of two years ago than he was before, and Cleveland also expects the Antioch political leader to win the GOP nomination handily on June 14.

Wadsworth mink rancher Paul Serdar was one of the most disappointed of those who had hoped to see Abe's Hope become the first Illinois thoroughbred to win the Kentucky Derby last Saturday.

Serdar is largely responsible for the tremendous surge in the breeding industry in Illinois because of legislation enacted while he was Chairman of the Illinois Racing Commission under Gov. William G. Stratton.

Serdar had hoped—for a Kentucky Derby winner within six years of the end of his tenure and Abe's Hope appeared to have a good shot at the blanket of roses last week, but he got boxed early and was never in serious contention.

Borrowing a phrase from Chicago Cub, White Sox, Bear, and Black Hawk fans Serdar's only comment was "Wait-until next year."

## The Law Serves You

### YOUR LAND CAN BE TAKEN FOR PUBLIC USE

The right of every person to own property, to sell or rent it as we please, and to pass it on to our heirs at death is considered to be a basic right by citizens of the United States.

However, titles to land are not absolute, and the land we own may be taken for use by the public in case necessity requires it. The power which is vested in certain bodies to acquire private property for public use is known as the "power of eminent domain," or the "right of condemnation."

Cities and villages, highways commissions, park districts, railroads, airport authorities, and other governmental units and public utilities have been given the power to acquire land from private owners in a coercive fashion, in order that it may be used for an authorized public purpose.

**Just Compensation**  
The federal government and the states have the inherent power of eminent domain over property within their boundaries. As to all other government agencies and organizations, the power can be acquired only by "statute," that is, by a written law passed by the legislature. This power is to be used only if the body is in need of land in order to carry out its functions.

In every case, the landowner is entitled to receive just compensation for his land, measured by its present fair market value for the highest and best use to which the land can be put.

**How the Proceeding Works**  
Generally speaking, if your property or a part of it should fall within an area to be acquired, the condemning body will make an offer to you for your land. If you feel that this offer is insufficient compensation for your land, the condemning body will bring an action in the appropriate court, asking the court to fix a fair price to be paid for the land. You are entitled to

a jury trial if you wish. The jury will determine the amount of compensation. Either party may appeal the decision of the trial court to the Appellate and Supreme Courts of Illinois and even to the United States Supreme Court if there is a federal constitutional question involved.

Both the federal and state governments have power, under certain conditions, to obtain immediate possession of the property, leaving the question of compensation for later decision.

Most persons whose property is to be condemned realize that although they will be seriously inconvenienced by this power of eminent domain, their personal interest must give way to the public welfare and the progress of the community, so long as they are fairly compensated for their loss.

"The Law Serves You" is written to inform and not to advise. No person should ever apply or interpret the law without consulting his attorney. Even a slight difference in the facts may change the result under the law.

### BEWARE CADMIUM POISON

Cadmium poisoning has been a concern of the Illinois Department of Public Health for years, according to Dr. Franklin D. Yoder, department director.

Cadmium poisoning results from the use of refrigerator racks for cooking on barbecue grills. Instances of metallic cadmium poisoning have also resulted from storing an acid liquid, such as a fruit drink, in pans made of metals containing cadmium or antimony.

More recently, several deaths were reported from the industrial use of silver solders. This is a risk for hobbyists who use such solder. The danger lies in breathing the fumes, which are practically odorless. Good circulation of air is needed when soldering.

## Local Men Study At IMI

Henry A. Apostol of 322 Bridgewood Dr., Antioch, a foreman at AMMCO Tools, Inc., and Donald L. Ferris, of 605 Summerfield, Lake Villa, a supervisor at Johns-Manville Products Corp., are among the 39 men enrolled for the spring term of the Industrial Management Institute at Lake Forest College. IMI holds special classes for mid-management personnel from business and industries in the surrounding suburban area. Selected by their firms to participate in this 4-year program, they will attend classes one night a week during the academic year.

The program is designed as preparation for a broader understanding of particular or related fields of the participant's work.

## Clean Kitchens Bring Awards

Food Sanitation Awards were presented Wednesday to two Antioch area restaurants by Dr. Arthur G. Baker, Director of the Lake County Health Department.

The two restaurants, Paty's Lounge and Supper Club at Channel Lake and Lorenz's Smart Country House at Route 173 and Tiffany Road, are among the 10 in the county singled out by Dr. Baker for outstanding programs of food service sanitation.

The awards will be presented in an informal ceremony at Archdale's Restaurant in Waukegan. Other Lake County restaurants receiving the awards are Abbott Cafeteria, Archdale's Restaurant, Busy "B" Restaurant, Round Lake.

## The Old Scouter Says

This is the week to see Scouting in action. A continuous show from 1 p.m. to 8 p.m. at the Lake County Fairgrounds. All units—Cub, Scout, and Explorer have been invited to attend and participate in the 1966 Scout Exposition. The committee has been hard at work and is now completing the arrangements and setting up the two buildings that will be used. Come one, come all, don't miss it—Saturday, May 14.

Our local units will be represented as follows: Packs 86 of Channel Lake—Leathercraft; Pack 102 of Antioch—

## Award Banquet For Central Hi Students

Central High School will hold a library aide award banquet at Aage Thompson's restaurant in Kenosha Tuesday, May 17. Winners of the National Library Week Poster awards, Don Richter and Claire Nilsen, as well as Essay winners Patti Patla and Linda Burns will be guests at the banquet.

The guest speaker will be Mrs. Eva Loomis Merow, author, who will speak on "Free Lance Writing for Fun and Profit."

Mrs. Merow is a teacher of trainable classes at Jefferson School in Kenosha.

## Spring Chorus At Carmel Saturday

The Carmel High School Spring Chorus will be presented Saturday evening, May 14, at 8:15 in the school auditorium of Carmel High School, Mundelein. Selections from "My Fair Lady" and "The Battle Hymn of the Republic" will highlight the presentation of the Mixed Chorus.

"With a Voice of Singing," "Old Man Noah" and "Banua" will be a few of the selections of the Boys' Chorus which will add a change of mood to the program. Contrasting Girls' Chorus numbers will be "Moonglow," "Shenandoah" and "Do I Hear a Waltz?"

Louie's, Waukegan; McDonald's Drive In, North Chicago; Talk of the Town, North Chicago; Wauconda High School cafeteria, and F. W. Woolworth, Fox Lake.

The awards are made annually and this is the third year that they have been presented.

Monthly theme: Pack 300 of Antioch—Woodcraft; Pack 80 of Grass Lake—not participating. Troops: 91 of Antioch—Cooking and camping; Troop 86 of Channel Lake—Fishing and fishing gear; Troop 02 of Antioch—not participating. Post 91 of Antioch—Karate.

The show is planned by the District activities committee and we would like to give these men a "tip of the hat" for the many hours of work they put in on it.

Welcome back to our associate District Executive Douglas Brown. Doug has just returned from Schiff Scout Reservation in New Jersey where he has been attending training for professional scouters.

Another date to mark on the calendar is the weekend of May 20-21-22. This will be the annual outdoor training for all Scout leaders from Northwest District. This event will be held at Camp Coven at Wilmet. Registration time is Friday, evening from 6 p.m. to 9 p.m. Hope to see a good turnout at this important training event. The Scoutmaster will be Julius Koblank of Mundelein.

RECOLLECTIONS: Thomas Haley passed Tenderfoot—Troop 92, Day 1950.

See Ya next week, THE OLD SCOUTER

## Coulson Cited For Veteran Act

State Senator Robert Coulson (R) of Waukegan, received a Citation for Meritorious Service from the Illinois Department, Disabled American Veterans, at ceremonies recently in Chicago. Coulson was honored as the author of the Viet-Nam Serviceman's Recognition Act, which made Illinois the first state to recognize the Viet-Nam veteran as in the same class as the Korean or World War veteran.

The Illinois Act was sponsored in the House by Representative Francis Berry, and in the Senate by Senator Coulson. It provided a cash bonus for all Illinois residents who are assigned to the Viet-Nam combat area, and a death benefit of \$1,000 from the State to the families of men who sacrificed their lives there.

The national government as well as the other states are considering similar proposals, but according to the citation, Illinois was first, because of Senator Coulson's efforts.

## Annual Scout Fair Emphasizes Skills

"Adventures for Youth" is the title for the 1966 annual District Scout Fair. Emphasis will be placed on Scouting in Action and Follow the Rugged Road Through Scouting. The show will be held on Saturday, May 14, at the Lake County Fair Grounds, Grayslake, and will be open to the public between the hours of 1:00 and 8:00 p.m. It will be a continuous show, so the public is invited to come anytime and stay as long as they wish.

Robert vonDaeniken, Chairman of the Activities Committee, said, "The entire show will be held indoors this year, because we feel that a Scout Fair is a series of booth demonstrations by Cub Scouts, Boy Scouts, and Explorer Scouts, showing the skills and features of Scouting in Action. It is the Handbook, laid open, for all to see the exciting content."

## Schedule Film At Evan. Free Church

"Beloved Enemy," the story of a space-age scientist who launches on a quest to discover if Jesus Christ is Deity as He says He is, will be shown at the Antioch Evangelical Free Church Sunday, May 15, at 7:00 p.m.

This 90 minute sound, color film is a scholarly defense of the Christian faith. This film won the Oscar as the best Christian film of 1965.

The young people of the church are sponsoring the film. The public is invited, no admission is charged. The Evangelical Free Church is located at Tiffany Road and Highway Drive, just north of Lorenz Smart Country House.

show mother, dad, neighbors, friends and the general public, what they have learned and can do. It is the thrill of a lifetime for all the boys who participate.

Mr. vonDaeniken continued, "The major emphasis this year will be on 'Scouting in Action.' Every exhibit and demonstration will in some way depict this action and skill, whether it be through fun, learning by doing, training leadership, building character, or any of the other facets of the Scouting program. All the booths will be judged this year, and will be awarded first, second, or third place ribbons."

## Music Competition At State Fair

Cavalcade of Music competition at the Illinois State Fair is scheduled for Friday, August 12, opening day.

Cash awards and trophies will go to winners of contests for vocal groups, high school and junior high school concert bands, high school concert bands, baton parade corps and baton soloists and groups.

Finalists in the various categories will have the opportunity of appearing with the "Beach Boys" and "Sam the Sham and the Pharaohs" in the opening night show at the Grandstand.

Information regarding the Cavalcade of Music and application forms may be obtained by writing Marshall Cloyd, general chairman, Cavalcade of Music, Illinois State Fair, Springfield, Ill. Deadline for entries is July 4, except for the high school concert band contest, which has a deadline of July 20, or when the first 50 bands have entered.

It's easy to place a classified—just call 395-4111.

## Two Schools Ask For More Money

Two local grade schools will ask the voters in their districts for more money on June 4.

Grass Lake School board members voted Tuesday night to ask the voters to approve a 2 1/2% raise in the educational tax. Grass Lake has had a deficit in their educational fund for the last two years. It was necessary for the board to issue anticipation warrants again this year, and Secretary Earl Beese pointed out that the deficit gets larger each year.

Grass Lake school built an addition last year. The present need, Beese said, is caused by the need for more teachers as the number of children increases, and rising salaries and other expenses.

Grass Lake School board members will attend next Monday night's meeting of the PTA to present the facts to the members and to answer questions on the coming referendum.

The way people are snapping up buys on new Chevrolet V8's at your Chevrolet dealer's... you'd think they're really getting away with something.

They are.

The getting's never been better. And your Chevrolet dealer's giving the May buys that are making it that way. Buys on all the new '66 Chevelles, including the wide choice of Malibu models you can order with V8's that put out up to 275 hp. And SS 396's you can order with new Turbo-Jet V8's that put out up to 375 hp

(red-stripe tires, special flat-cornering suspension and floor-mounted shift are standard). Just drop in, pick out the new Chevelle you want with the power and equipment you want. And get away with something yourself—a great May buy, no less, on America's favorite mid-size car.

## MOOSE TOPICS

By Lillian Birdsell

The newly elected officers for the Antioch Moose Lodge were installed in their respective chairs at the installation ceremony held at the Antioch Moose Lodge Saturday evening, April 30. Past day evening, April 30, Richard Jorgensen, governor; Seth Mark, junior governor; Warren Andre, prelate; Harvey Gehris, treasurer; and Paul Mallory, trustee, were installed by Past Gov. Edwin Petersen, as installing officer and Henry Grewe, installing sergeant-at-arms. Honored escorts from the Women of the Moose were: collegians Gertrude Good, Harriet Grewe, Blanche Horton, May Palmer, Mildred Gillum, Alice Young, and Gerry Mark. Assisting at the piano was Gladys Schroeder.

The Governor's appointives for the ensuing year are Charles Seelhoff as sergeant-at-arms; Lou Portalski, assistant sgt.-at-arms; Scotty Birdsell, inner guard, and Leonard Kohl as outer guard.

Continuing officers are John Dupre, chairman of the board of trustees; George Schroeder, member of the board of trustees; and Arthur Andersen, secretary of the Antioch Moose Lodge.

Honored guests from the Waukegan Moose Lodge were Roy Clapp, vice president of the 3rd District and his wife Blanche, and Pilgrim French-Dionne and his wife Betty. Mr. Dionne is also past governor and past secretary of the Waukegan Moose lodge.

Following the installation ceremony refreshments were served and dancing followed to the music of the Twilights orchestra.

The Antioch Moose were champs in the Pool Tournament that took place at the Moose Home on Sunday, May 1, in competition with Johnson's Resort.

Players for the Antioch Moose were: Team No. 1, Leonard Turner and Marty Stankus; Team No. 2, Steve Eliechek and Tom Poulos; Team No. 3, George Hruby and Lee Elselder; Team No. 4, John Dupre and Jerry Kusch. For Johnson's Resort it was Team No. 1, Larry Lass and Don Donnelly; Team No. 2, Dick Piederma and Wally Johnson; Team No. 3, Frank Everhart and Don Rederer; Team No. 4, Fred Dittmer and Steve Uhlen.

Final score was the Antioch Moose with 9 wins and Johnson's Resort, 5 wins.

Attending the second meeting held for the Antioch Park District Committee, from the Antioch Moose were, governor Richard Jorgensen, Ed Kurtz and Ron Polson.

The purpose of this committee is to create a Park District within the Village of Antioch. Richard Daniels, vice president of the State Bank of Antioch, is chairman of this committee which holds its meetings at the Rescue Squad building.

Ron Polson from the Antioch Moose, accepted the appointment of representative for this committee.

A belated message of thanks is extended to Boy Scout Troop No. 92 of Antioch and all the girls from the high school who helped make the operation Santa Claus of the Antioch Moose a big success.

## Learn To Smooth Out Pressing Problems

What's the job the American housewife dislikes most? "Ironing!" chorus the ladies.

The ironing, like the poor, we always have with us. Finish one batch, another's ready and waiting. The freshly ironed shirts, blouses and dresses disappear like the snows of winter under a warm sun. And what do we have in their place? Another stack of clean, rumpled clothes to smooth into sharply creased neatness.

Although housewives put in many hours over the ironing board, probably few could qualify as an expert at the job. And there ARE ways to do the task easier and better. So what do you do? Consult an expert, of course. Where do you find an expert? You don't have to. Antioch V & S Hardware has one on tap, and is bringing

The first regular meeting for the L.O.O.M. with the new officers was Wednesday, May 11, at 8 p.m. at the Moose Home.

The Membership committee entertained for the 40 members present at the meeting held for the Women of the Moose at the Antioch Moose Lodge Thursday, May 5. Flowers, made by the committee, were passed out to all the co-workers present.

Enrolled as new members on this same evening were: Bonnie Taylor, sponsored by Jerri Polson; Ellen Stankus, sponsored by Ellen Reekie; Jane Kish, sponsored by Doris John; Shirley Farber, sponsored by Florence Farber; Helen McKenna and Lynda Whitehouse, both sponsored by Helen Jakob.

The Bee Perry art class which meets every Tuesday evening at the Moose Home, has just completed the half way mark with their lessons in oil paintings. All the paintings will be placed on exhibit following the completion of the art course.

The Honorary Dinner being given for the most deserving co-workers is scheduled for Thursday, May 26. The dinner will be free of charge to all co-workers this year.

By this time all co-workers that have made their achievement to the Academy of Friendship should have received their receipts back from Mooseheart. The Academy of Friendship session is scheduled for Tuesday, June 14, at the Conrad Hilton Hotel in Chicago. You must have your receipt with you to be accepted.

## Health & First Aid Program For Homemakers

Members of the Lake County Homemakers Association saw two films on Cancer Prevention at a meeting at the Fairgrounds auditorium on April 26. The films were shown by Joseph Fryman of the American Cancer Society. Daniel Dugenske and James Fields of the Antioch Rescue Squad demonstrated mouth-to-mouth resuscitation.

Refreshments were served by the Lake Region Unit and Mrs. Richard Wells, County Health chairman.

## Guitar Featured At Music Center Concert

The magic guitar of Joan Gauntlett will be heard at 4 p.m. Sunday in Lilac Cottage—Bowen Park as another in the series of family membership events sponsored by the Music Center of Lake County. Included on the program will be ballads of Irish and English origin, traditional American folk songs as well as "new" folk songs.

Miss Gauntlett, who is on the Music Center faculty, teaches a class of folk singing with guitar. The class which is open to high school students and adults has proven very successful and will be included in the School's 1966-67 curriculum.

Sunday's folk song recital is open to the public. Admission is free to Music Center family members; there will be a nominal charge for non-members.

## HOME FROM HOSPITAL

Rick Eckert, who spent the past thirty days at Victory Memorial Hospital came home recently and is convalescing at his home.

## Peace Corps Looks For Farmers

The Peace Corps has launched a major campaign to recruit Americans with agricultural experience to help 16 developing nations in summer assignments, according to Lake County Adviser Ray T. Nicholas. And agricultural specialists are needed for two year tours in India to help alleviate that country's pressing food shortage.

Rural youth, farmers and retired farmers are especially needed for these programs. Rural young people with 4-H or FFA backgrounds are needed for these programs. Rural young people with 4-H or FFA backgrounds are needed to help develop youth clubs, while volunteers with practical farming experience will work directly with farmers to

## Publish Poem By AGS Girl

Word was received by Miss Joan Jones, 8th grade teacher at Antioch Grade School, that a poem which she had submitted to the Illinois English Bulletin had been chosen to be published. Thirty-five of 541 entries were published. The poem, written by Miss Debby Jane Chandler, 13 years of age, of 1048 Bishop St., is as follows:

BUBBLES

Bubbles encourage improved farming practices.

To qualify for the Peace Corps, a person must be at least 18 years old (there is no upper age limit), be a U. S. citizen and have no dependent children under 18 years of age. Married couples will be accepted if both husband and wife qualify. People interested in Peace Corps agricultural programs can get more information and an application blank from the Cooperative Extension Service Office, Nicholas says. Applications for summer programs should be made as soon as possible.

Antioch, Ill. — Friday 9 - 9

Mleca Church and Bill Beese played the leading roles in "Tom Sawyer" Saturday night.

## Amateur Actors Have Fun, So Does Audience

The budding young actors who brought "Tom Sawyer" to life at Grass Lake School last Friday and Saturday thoroughly enjoyed their roles and passed some of their delight on to their audience.

A different cast presented the play each night, and some who viewed it each night commented on the varying interpretations of the same roles. About 150 people were in the audience each night.

Thirty-four children were in the cast for the two nights. All were treated to a pizza party after the show, with no

parents allowed.

There were four acts in the play, each with new scenery. The first act was the fence-painting scene, one which the children really "threw themselves into." The second act was the graveyard, the third a haunted house, and the fourth the living room of a home.

The play was directed by Miss Marie Jasien and Glen Morgan. "The children were wonderful," she said. "It would be hard to pick out the ones who were outstanding, but if I had to pick out some who were exceptionally good, I guess I'd say Bill Beese, Ed Galanopoulos (both in the title role), Brian Zale, Bill Reeder, Steve Albright, Mleca Church and Jill Fleider."

## Urges Plans For Special Education

Next week is "Exceptional Children's Week in Illinois." Ray Page, State Superintendent of Public Instruction, has requested educators throughout the state to place special emphasis on the importance of special education for handicapped children.

Page advised educators to begin making preparations for the expansion of Special Education programs for handicapped children as specified in House Bill 1407, passed at the recent session of the Illinois General Assembly. The legislation provides that after July 1, 1969, all school districts shall establish and maintain such Special Education facilities as may be needed for handicapped children.

## End Postal Savings Plan

Postmaster Joseph Wolf today urged local citizens who have funds on deposit in the abolished Postal Savings System to convert their holdings into United States Savings Bonds.

"Postmaster General Lawrence F. O'Brien, who is Chairman of the Federal Savings Bonds Campaign, has appealed to the 930,000 Americans who have \$285,000,000 on deposit with the Post Office Department to convert their investments into United States Savings Bonds," Mr. Wolf stated.

"I join him in urging local citizens who have Postal Savings accounts to make that change which will be of great benefit to both themselves and our country. Savings Bonds offer every advantage of convenience and security formerly available through Postal Savings Certificates plus many other advantages, unique to Savings Bonds."

Among those special advantages, the Antioch Postmaster said, are Savings Bonds' new, higher interest rate of 4.15% and "the great intangible benefit of supporting our country in the fight for freedom in the world and for economic progress and security here at home."

Mr. Wolf said details about the procedure for conversion can be obtained from the postmaster of any Postal Savings Depository Post Office (which includes Antioch).

The Postal Savings System, in operation since January 1, 1911, was discontinued April 27, 1966, by Act of Congress. The Post Office Department presently is liquidating its accounts and on July 1, 1967, will transfer all unclaimed assets of the System to the Treasury Department.

## Fights Cut In Milk Program

Senator Paul H. Douglas (D-Ill.) has called for the restoration of the special milk program for children on a permanent basis and for ample funds to operate the program.

"The special milk program is both popular and worthwhile," Douglas said. "Many parents have come to rely on it to supply a significant portion of their children's nutritional needs. To cut back in the program would be both cruel and unnecessary."

Through the program, children are encouraged to drink more milk by making it available at a price they can afford or for free. The program is scheduled to end June 30, 1967.

Douglas is a co-sponsor of the bill which would wipe out this termination date and make the program permanent. "A program of such nationwide impact and benefit should not be temporary," said Douglas. "Furthermore, it should be made permanent now so that our school administrators can effectively plan their milk programs for next year and the years ahead."

"At the same time," Douglas said, "I will fight any attempt by the Administration to cut the current appropriation to cut the current appropriation for this program by the 80 per cent proposed by the budget from \$103 million to \$21 million."

Would a coach send in a player who had been drinking? That goes double for driving! Remember—a loaded driver is more dangerous than a loaded gun.

A different cast took part in each night's performance of Tom Sawyer. Left to right, Ed Galanopoulos, Steve Albright, Bonnie Allen, Larry Yopp, Brian Zale, Laura Allen and Bill Davis.

## Says Gap Between Science & Religion Must Be Bridged

The gap between science and religion is a "crucial mistake in the history of our time," said Erwin D. Canham in a public address in McCormick Place May 5.

Mr. Canham is the noted Editor-in-Chief of The Christian Science Monitor and a former president of the American Society of Newspaper Editors.

He said that the "God is dead" discussion in some theological circles is more evidence of "the tragic gap in present human thinking."

He called for new efforts to perceive the "spiritual significance" of men's conquest of their physical environment—and said it was the only way to bring under control "the forces we have unleashed" without destroying the essential values of our society.

## SAFETY CONFERENCE SLATED

More than 1,000 teen-agers will be in Springfield May 13 and 14 for the Third State Assembly of the Illinois Youth Traffic Safety Conference at the State Fairgrounds.

The teen-age delegates will run their own show with Tom Thomas of Alton Senior High School presiding.

The conference theme involves responsibility and centers on the acceptance of an assumption of personal responsibility for behavior in traffic.

Eight workshop sessions will be concerned with (1) laws and ordinances governing traffic behavior, (2) attitude and knowledge, (3) developing driver skills, (4) the teen-age problem driver, (5) enforcement, (6) patterns for action, (7) "What Can We Do?" (8) "Telling Our Story."

If cheap sunglasses have defects, they may cause discomfort, but they will not injure the eyes, according to the Illinois Society for the Prevention of Blindness.

The proud owner of a factory was showing his friend around.

"How many people work here?" the friend asked. "I'd say about half," the owner replied.

## Drive Defensively

Illinois motorists are killing themselves through lack of defensive skills, according to Ross V. Randolph, director of the Illinois Department of Public Safety.

Defensive driving, according to Randolph, is the application of appropriate maneuvers that will overcome the adverse activity caused by driver error, road conditions or other drivers. Simply

maintaining control of your own vehicle on a steady path in today's traffic is not enough.

"Traffic deaths this year are running 19% ahead of last year and should be alarming enough to everyone who drives to make them listen to a few words of advice," said State Police Superintendent William H. Morris.

## Shape Up Before You Swing Out

By Louise Chase

**Women's Medical News Serv.** Spring's promise of renewal works its magic so well that even folk who've spent the winter bound to desk and TV suddenly feel as though they can go out and play 36 holes of golf the first beguiling day. Don't do it, though.

The American Medical Association advises that the shape up and warm up are in order before engaging in any vigorous sport after a period of inactivity. Here are some tips for meeting the challenge of spring successfully and healthily.

Have a medical check-up, especially if you haven't had one in some time. Tell your doctor what your sports plans are so that he can advise you on the basis of your specific physical needs. He'll take into consideration the condition of your heart, your circulatory and respiratory systems, your reflexes—and may suggest proper diet, as well as a rest and sleep schedule.

Begin by conditioning your self. Athletes and dancers always spend part of every day's practice by warming up first. You should do so too. If you plan long hours on the tennis courts, or golf course, or hiking, begin by taking brisk walks every day. Make them a little longer each day. Work at increasing your endurance. When you start your sport, limit yourself at first. Nine holes that leave you pleasantly tired are likely to be more satisfying than

18 or 36 that leave you on the point of collapse.

Eat properly. There's no magic food that will give you all the energy you need for active sports. A balanced diet, including meat and meat substitutes, milk and milk products, vegetables and fruits, and breads and cereals, is essential for the athlete.

If you find yourself eating somewhat more than you do when you're sedentary, don't worry about it. Remember that vigorous exercise burns up calories. Nonetheless, keep an eye on your weight. Don't let extra pounds accumulate.

Don't count yourself out of sports if you've had a heart attack or are pregnant. Physicians agree that there are appropriate and beneficial exercises and sports activities for both. But be guided by your doctor.

Have a sporty spring.

### CHRISTIAN SCIENCE CHURCHES

"Mortals and Immortals" will be the subject at Christian Science church services this Sunday.

Golden Text: "As we have borne the image of the earth, we shall also bear the image of the heavenly" (I Corinthians).

Included in the Lesson-Sermon will be Jesus' statement to Nicodemus: "That which is born of the flesh is flesh; and that which is born of the Spirit is spirit. Marvel not that I said unto thee, Ye must be born again."

And from the Christian Science textbook: "We must reverse our feeble flutterings—our efforts to find life and truth in matter—and rise above the testimony of the material senses, above the mortal to the immortal idea of God. . . . It is only by acknowledging the supremacy of Spirit, which annuls the claims of matter, that mortals can lay off mortality and find the indissoluble spiritual link which establishes man forever in the divine likeness, inseparable from his creator" (Science and Health with Key to the Scriptures) by Mary Baker Eddy.

THURSDAY, MAY 12, 1966 THE ANTIOCH NEWS 7

## Wilmot Speedway Opens Saturday

The Kenosha County Speedway in Wilmot, Wis., will open its 16th season of modified and late model stock car racing Saturday night, May 14.

At least four former track champions will be in competition in 1966. Out to defend his 1965 driving title will be Duane Harris of Mellen, Wis. Harris was one of the more fortunate drivers to win the track championship. His efforts last year won for him a brand new Plymouth automobile through the courtesy of Patenlin Auto Racing and Deistler Motors of Kenosha.

Other returning track champions include Rodger Otto of Burlington; Don Scorse of West Allis and Mill Curcio of Racine. All are from Wisconsin. The Kenosha County Speedway is located just 3 miles from the Illinois-Wisconsin line and features a near even number of drivers from each state, but last year was the first time an Illinois driver has ever won the championship. Friendly rivalry between fans from the two states adds to the lively competition at the track.

Others returning include Bay Darnell of Deerfield, Jim Lawrence of Bristol, Jim Sullivan of Antioch, Bill Bohn of Bristol, and the 1965 Rookie of the Year, Ron Bergsma of Richmond.

Late model champion Harold Gutchie of Kenosha will lead the fender car division of drivers in their hard slamming action. The Saturday night racing events will again include 9 events starting with time trials at 6:30 p.m.

New at the Speedway this year is an emergency vehicle outfitted with the recently developed Purple K Dry Chemical for fighting high octane fuel fires. This fire truck is in addition to the emergency vehicle outfitted with CO2 fire extinguishers.

"Jack at the Track," the Speedway's auto racing news

program, has been expanded to include Radio Station WKRS in Waukegan. "Jack at the Track" can be heard every Saturday through September 10 over WKRS at 4:15 to 4:30 p.m.

## Ester Grabs Feature Race

Jack Ester, well on his way to the "comeback of the year," captured Waukegan Speedway's late model 25-lap feature Saturday night. Ester forged into the lead on the 20th lap when Dennis Burgan was forced to slow down because of a flat tire. Three spectacular roll-overs highlighted the activities as 34 late models entered.

The fourth heat brought real excitement, also, as Ralph Salerno completely flipped during a first turn, three car accident. Salerno was unhurt. On the restart, Al Gutche's '427 Ford took a high-flying, end-for-end vault through the air, flipping several times. He also was unhurt. Jim Cossman eventually came through to win.

After a showery intermission, Terry Parker pushed his 1964 Chevrolet convertible to the consolation win, with Tim Seyl passing Norm Zenko on the final lap for second spot.

Next Saturday night, the first demolition of the season will join as an added attraction, then on the following Saturday night, May 21st, the first championship race will be presented, with a 35-lap feature.

Unseasonable cold and very windy weather forced the cancellation of the Sunday night modified and late model stock car races scheduled for the Waukegan Speedway. A full card of modified and late model stock car racing is scheduled for this coming Sunday night, May 15.

## Hooks Big Northern At Little Silver

Fishing's fine in the Antioch area, even though the weather is a bit chilly. Alan Rosinski, 2343 West 21st Place, Chicago, hooked a big one last Saturday—a 34-inch northern pike weighing about 8 pounds.

Alan was fishing from Jacy's Resort at Little Silver Lake when he pulled in the big fish. He was using an artificial night crawler for bait.

## Rifles Start Recruiting

The Lake County Rifles semi-pro football team of the Central States League has launched a recruiting drive to add new players to its roster.

At the same time, Head Coach Eugene "Chick" Chichowski has called a player meeting for Tuesday evening, May 17, at 8 p.m. in the meeting room of the First State Bank of Libertyville.

Purpose of this meeting is for the new Rifles mentor to outline the practice schedule for the 1966 season and also to reveal the playing schedule. The get-together also will enable Chichowski and his coaching staff to meet his players.

The Rifles, who placed second in the Southern Division standings in their initial season last fall, play all of their home games in Waukegan on Saturday evenings.

In addition to last season's veteran players, the Rifles organization is extending an open invitation to any former pro, college, or high school players to attend the meeting.

## Golf Squad Wins Two

Antioch High's golf team won two matches last week, May 3 and 5.

The May 3 match was against Wauconda. The Antioch team turned in a score of 169 to the Wauconda players' 186. Antioch scored 170 in the May 5th match with Grayslake on the losing end with 180 points.

In the Wauconda match, the scores for the Antioch players were Dan Matteoni, 42; Jerry Whitson, 43; Bruce Muir, 42; Fred Wittleder, 42; and John Jedele, 44.

Wauconda's players were Dave Dau, 44; Art Jeske, 46; Terry Hanes, 48; Dave Bird, 48; and Frank Kalvaitis, 50.

In the match with Grayslake, Fred Wittleder finished in 41; John Jedele, 41; Dan Matteoni, 46; Jerry Whitson, 42; and Dave Muir 53.

Scores of the Grayslake golfers were Greg Rippberger, 43; Gary Seaholm, 43; John Kessinger, 49; G. Rippberger, 45; and Bill Kessinger, 53.

## Season Opener Pits Champs, Runner-Up

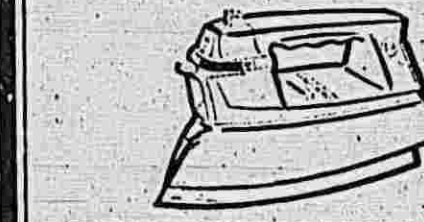

Antioch Little League will open the 1966 baseball season this Sunday, May 15, at the Antioch Little League field, game time 2:00 p.m. The Sox, champs of last year, will face the runner up team, the Tigers.

A colorful ceremony is planned, with a color guard and Mayor Raymond Toft throwing out the first ball. Plan to make this day a memorable one, cheer your team, cheer your boys, help support Little League.

Those boys who have not yet registered and wish to do so, have a last chance on Monday, May 16, at the Little League field at 6:00 p.m. Bring a baseball cap and glove. Registration fee is \$3.

## Sequoits Outscore Warren, Lake Zurich

Coach Seemann's baseball charges are making good on their pledge to bring baseball back to Antioch high school as they took a pair last week. The Sequoits beat Warren Tuesday, May 3, at Gurnee 4-3 and then whipped Lake Zurich Saturday in a shutout 4-0.

Tuesday against Warren, Rich Stroner, making his first mound appearance for the Sequoits, gave up six hits, walked two, gave up one run in the first inning and with the 7th before getting some help from Don Mason.

In the first inning, Stroner gave up a walk and two singles to load the bases and then allowed Warren's only run of the inning when he threw wild to the plate after a bounce to the mound. The next Warren batted bounced to third and Mike Redden made the play at home for the second out of the inning. Stroner came up with his first strikeout of the game to end the threat.

In the second inning, the Sequoits tied the score when Steve Miklausch led off with a triple and then scored on an infield out. Antioch scored again in the 4th when Greg Drije singled, moved to third on a single by Miklausch and scored on an infield out.

## Track Squad Takes Second

Antioch's track squad continued to show improvement this week as they finished second in a triangular meet with North Chicago and Zion. Final team score was North Chicago, 69, Antioch 48 and Zion 31.

First place winners for the Sequoits were Jim Litchfield in the 880 with a time of 2:03.7, Bob Schenk in the high jump, 5'11" and Tyrone Walls in the shot-put with a toss of 49' 5 1/2".

## Sequoits Place Second At County Meet

Antioch scored 8 points in the Class B division of the Lake County Meet Saturday to place 2nd behind Libertyville. Libertyville dominated the meet with a total of 17 points. Wauconda and Lake Zurich followed with three points each.

The Sequoits got impressive performances out of Jim Litchfield, Tyrone Walls, Bob Schenk and Tom Wojnowiak. Litchfield placed 2nd in the 880 with a clocking of 2:02.6, Walls got 4th in the shot-put with a throw of 50' 4 1/2". Bob Schenk took a 5th in the high jump with a leap of 5' 8" and Wojnowiak ran the mile in 4:47 to place 5th.

The Sequoits will go to Evanston High School Saturday for the State District Qualifying Meet.

Miklausch came home later on a single by Dick Petersen. The Sequoits came up with their final run in the 7th when Stroner led off with a single, stole second, went to third on an infield out and then scored on a single.

Warren threatened in their half of the 7th when Stroner gave up a walk to Hanson and Coons was safe on an error leaving men on 1st and 2nd with nobody out.

Coach Seemann called on Don Mason to put out the fire and Mason responded by striking out the first man he faced. A routine fly and an error by Al Alexander left the Sequoits with two outs and the bases loaded.

A double by Warren's sophomore catcher Farrina, scored two runs but a fine play by Mike Reddin on a hard grounder to third off the bat of Ron Coons ended the inning and gave the Sequoits the win.

## Beat Lake Zurich

Wayne Channel pitched another outstanding game beating Lake Zurich in a shutout, 4-0. Channel allowed only three hits and struck out six. The Sequoits jumped out to a 2-0 lead in the first inning when Steve Miklausch was safe on an error and then came home on Lenny Clark's first home run of the year.

In the sixth inning Ron Stanek got on with a single, stole second and then scored in front of Clark when Clark's single to right field went through the fielder's legs and both runners came home on the error. Dick Petersen hit a double for the only other extra base hit for the Sequoits.

## GAME COUNT REPORTED

Game biologists report that the winter carry-over of quail and squirrels is high, the Illinois Department of Conservation has reported. Fewer pheasants were observed during sex ration counts in January and February than were seen a year ago. Rabbit populations are at about the same level as they were last spring. Analysis of the annual hunter kill survey showed a substantial decrease in the number of cottontail rabbits and cock pheasants bagged last season. The rabbit kill was lower than it has been for the last eight years.

One  
hundred years  
of healing  
through  
prayer

This book presents an impressive record of authenticated cases of outstanding physical healings and spiritual regeneration through Christian prayer. It is a timely response to today's renewed interest in spiritual healing. The reader will find many instances where the individuals who experienced the healings explain the spiritual awakening which brought about these healings. This book commemorates the Centennial of the discovery of Christian Science in 1865 by Mary Baker Eddy. It is offered in a spirit of sharing the hope and joy of ordinary lives deeply touched by the Christ.

between a "residence" and a "domicile"? There is quite a difference. You can be a resident of Florida and still be domiciled in Illinois.

No, you don't have to have a split personality. Technically, you are a resident of Florida if that is where you are living. But, the law says that a person can only have one state of "domicile," and that is the state in which you have your permanent home and intend, ultimately, to return—Illinois.

## Double Taxes Possible

Your state of domicile is important in determining taxes, voting rights, how your property should be distributed on death, and so forth. Many cases have been fought through the courts over questions of residence and domicile.

It has happened that estates have been subjected to full death taxes in several states because of the confusion about the domicile of the deceased, with the result being almost complete expenditure of the estate to pay taxes.

## Evidence of Domicile

When a person dies without leaving a will, it can become difficult to determine taxes and distribution of property unless there is evidence of domicile.

Using a home address on stationery, returning for Christmas and holidays, and frequent mention of one state as "home" may all be considered in ascertaining a person's domicile. In fact all things that evidence an effort to retain connections in one's home state for the purpose of returning permanently, is generally the test of domicile. If you travel extensively, or work in a state other than your home state, you have a problem of domicile that can be costly to you or your heirs if the evidence of your intention is not clear.

"The Law Serves You" is written to inform and not to advise. No person should ever apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the result under the law.

## DEATH NOTICES

### MRS. HAZEL V. NELSON

Mrs. Hazel V. Nelson, 79 years old of 1003 Osmond St. in Antioch, passed away at 6:30 p.m. on Friday, May 6, at St. Therese Hospital in Waukegan after a year's illness. She was born August 29, 1892 in Medford, Wis., and moved to Blue Island, Ill., in 1926, then to Antioch in 1953. She held membership in St. Peter's Church, and the Altar and Rosary Society of that Church.

She was preceded in death by her husband, Marshall Nelson, on December 17, 1940. Survivors are one brother, Mr. A. F. Fredricks, Waukegan, Wis., two sisters, Mrs. Elva (Pearl) Davis of Antioch, Mrs. Adrian (Leona) Moss, Blue Island, and several nieces and nephews.

Funeral services were held at 9:30 a.m. from Strang Funeral Home on Monday, May 9, to St. Peter's Church in Antioch at 10:00 a.m. for a requiem mass. Interment was at Mount Carmel Cemetery in Antioch. A visitation was held at the Strang Funeral Home in Antioch after 2:00 p.m. on Sunday.

### ROBERT PRICE

Mr. Robert Price, 65 years old of Silver Lake died Friday at 9:35 p.m. in Hillcrest Nursing Home at Twin Lakes, Wis., after a long illness. He was born Jan. 10, 1891 in Smartsville, Neb. He resided at Tecumseh, Neb., before moving to Silver Lake in 1927. He had operated Bob's Camp at Silver Lake and later worked as a farmer.

Survivors are his brother, Oral Price, Silver Lake, Wis., with whom he made his home, one sister, Mrs. Versa Allen, Warrenville, Ill., and several nieces and nephews.

Funeral services were held at 2 p.m. on Monday at the Strang Funeral Home in Antioch. Rev. David Kruse of the Wilmet Methodist Church officiated at the services. Interment was in Salem Mound Cemetery near Silver Lake, Wis.

### CECILE E. BLUMENSCHNEIN

Mrs. Cecile Blumenschnein, 70 years old of 314 Burnett Ave. in Lake Villa, passed away at 6:00 a.m. Monday, May 9, at her home after a long illness. She was born July 2, 1895 at Dehelo, Wis., and moved to Dodge Center, Minn., in 1910. She had lived in Watertown, South Dakota, from 1922 until moving to Lake Villa in 1933.

Cecile Baker married Clarence P. Blumenschnein on Sept. 10, 1913 at Oshawa, Minn. She worked as a practical nurse for many years. She held membership in the Seventh Day Adventist Church of Waukegan, Cedar Lake Camp of Royal Neighbors at Lake Villa, and the Ladies Auxiliary of VFW Post No. 4308 at Lake Villa, where she had served as president in 1963 and 1964.

Survivors are her husband, Clarence P. Blumenschnein, three sons, Wesley, San Diego, Calif., Gordon and Kenneth, both of Lake Villa; two aunts, Mrs. Edward (Mabel) Baker, Withee, Wis., and Mrs. Esther Gutbar, Sparta, Wis.; seven grandchildren and three

great-grandchildren.

Funeral services were held at 2:30 p.m. Wednesday at the Strang Funeral Home in Antioch. Pastor Green of the Waukegan Seventh Day Adventist Church officiated at the services. Interment was in Angola Cemetery at Lake Villa.

### CLIFFORD G. STEVENS

Mr. Clifford G. Stevens, 58 years old of California Ice Co. Subdivision near Antioch, passed away suddenly on Monday evening at 11 p.m. from a heart attack at his home.

He was born Feb. 6, 1908 at Paducah, Kentucky, and had resided at Centralia, Ill., until moving to Chicago in 1934. He had lived at Round Lake and Fox Lake before moving to Antioch in 1962. He had worked for Stringer Motors at Antioch for the past six months as a body and fender mechanic.

Survivors are his wife, Anna, one son, Robert A. Stevens, Round Lake Beach, one daughter, Mrs. Albert (Charlotte) Munch, Round Lake Beach, one brother, Elmer Stevens, Tampa, Fla., and seven grandchildren.

Funeral services will be held at 1:30 p.m. today (Thursday) at the Strang Funeral Home in Antioch. Rev.

## More Dollars For Cosmetics Than Health

Washington, D. C. — Although Americans spent more in 1964 for tobacco and cosmetics than for the doctor, they did increase their overall health spending some 7.8 percent over the previous year. That's the word from the U.S. Department of Commerce, which notes that the overall health bill came to some \$25.2 billion in 1964. Hospitals received the largest share—30 cents of every dol-

lar. Then came the doctor who received 27 cents of the health care dollar. The remainder was divided as follows: 17 cents for drugs, 10 cents for dentists, 7 cents for health insurance, 4 cents for appliances, and 5 cents for miscellaneous expenses.

Physicians' services totaled \$6.8 billion—compared to \$7 billion spent on personal items such as cosmetics, haircuts, and toiletries.

Services were held at 1 p.m. Tuesday, May 10, from the Krauspe Chapel in Chicago. Interment was in Acacia Park.

Donald Cobb of the Antioch Methodist Church will officiate at the services. Friends called at the funeral home after 1:30 on Wednesday.

### MARIE SCHMID

Mrs. Marie Schmid, 56 years old of Petite Lake, Antioch, died Saturday, May 7, at 10:30 p.m. She was born in Wurttemberg, Germany, in 1909, and came to this country in 1931. She lived near Antioch most of her life after coming to the United States.

Survivors are her husband, Harry O. Schmid; two sons, Roy "Kiefer," Antioch, and Ralph Yopp, Nevada; a stepson, Howard O. Schmid and a stepdaughter, Virginia Schmalz; two sisters, Frieda Yopp, Antioch, and Genevieve in Germany, and three brothers, Henry, Eugene and Fred-

### CENSUS REPORTS 727 FARMS IN LAKE CO.

A total of 727 farms was counted in Lake County during the 1964 Census of Agriculture, the U. S. Department of Commerce's Bureau of the Census reports.

In the last previous Census of Agriculture in 1959, the total county in the county was 884 farms.

A preliminary report shows that the average farm size in the county was 162 acres and that the average value of the county's farms was \$166,936.

## Lindenhurst News

By Mrs. Bernice Bernau  
Elliot 6-5649

Elmer Frank will be installed as president of the Lake Villa Grade School's Parent-Teacher Association at 8 p.m. May 16 meeting.

Other officers to be installed by Mrs. Norma Douglas, P.T.A. Illinois District Chairman, are: Mrs. Fred (Carol) Bartlett, Jr., vice president; Mrs. Charles (Joan) Dotson, recording secretary; Mrs. Will (Zoe) Woelky, corresponding secretary; and Robert Davis, treasurer.

An exhibit of the gym class, headed by Miss Marge Czop, physical education teacher, will be presented. Students in grades fourth through eighth will participate.

The projects that the State Science Fair winners exhibited will be on display. The six who went to State were: Robert M. Hunt, John Prossie, Sherry Thompson, Jody Meier, Sandra Vasey and Kathy Wurster.

### Birthdays

Birthday greetings to twins Karen and Sharon Shirk who were 8 years old on May 6; to Scott LaChance on his 11th birthday, May 15. Bill Nicolsia added another year on May 14. Baker John Slove celebrates on May 15. Shirley Mertes on the 19th, also Danny Rezin on the 19th.

### Injured in Auto Accident

Bill Golden, his wife Marie and nine month old daughter, Dawn, were injured Sunday morning on Grand Avenue and Grub Hill road when their car was hit from the rear. The driver of the other car was Thomas Behrendt of Lake Villa. Mrs. Golden is the daughter of Mr. and Mrs. Robert Okon.

### Christened

Dawn Marie and Diane Lee, infant twin daughters of Mr. and Mrs. Leo Mattson, and Laura Jean, infant daughter of Mr. and Mrs. James Olschlager were baptized at St. Mark Lutheran Church last Sunday morning.

### May Crowning

The May crowning will take place at 4 p.m. next Sunday at Prince of Peace Church.

### CYO Club

The CYO Club will receive Holy Communion at the 9:15 Mass next Sunday. There will be a breakfast and a meeting after Mass.

### Altar and Rosary News

Mrs. Dorothy Kovanda was re-elected president of the Prince of Peace Altar and Rosary Sodality at last Wednesday's meeting. Other officers unanimously elected were Mrs. Arlene Baranowski, 1st vice president; Mrs. Pearl Kockler, 2nd vice president; Mrs. Helen Mindak, secretary; and Mrs. Carol Easley, treasurer. The nominating committee were Mrs. Pat Vrba, Mrs. Pat Cehart and Mrs. Janet Ess.

The ladies will be installed by Father David Lynch at the June 1 dinner meeting at the Rustic Manor.

Father Lynch was presented with a check for \$500 from the sodality. He was also given a new Beratta to replace his worn one.

It was reported that 61 Mothers and Daughters attended the breakfast at Sihar's Restaurant on May 1. Approximately \$75 was

## No Beer Parties In State Parks

The use of alcoholic beverages has been prohibited in Fort Chartres and Fort Kaskaskia State Parks in Randolph County; Fort Creve Coeur State Park in Tazewell County; Spiller Woods and Lincoln Trail Homestead State Parks in Macon County and McHenry Dam State Park in McHenry County.

James W. McMillen, supervisor of state parks, said that the prohibition—an administrative order signed by William T. Lodge, director of the Department of Conservation—is aimed at curtailing parties in these small parks which infringe on the privacy of family campers and picnickers.

The penalty for persons convicted of violating the order is a fine of not less than \$25 nor more than \$100, or imprisonment for not more than three months, or both.

made at the bazaar held after the meeting. Mrs. Mindak reported. Money is to be used for the Medical Missions.

### Women's Club Meeting

Thursday, May 12, is the annual Mother and Daughter night for members and prospective members of the Lindenhurst Women's Club. The meeting will start at 6:45 p.m. sharp.

### Christened

Nine year old Kevin Gibbons was sponsor when his baby sister, Sharon Lynn, was christened at Prince of Peace Church last week. Miss Janie Munson was the other sponsor.

### Enter Projects in State Science Fair

For the first time in the history of the Lake Villa Central School, six 7th and 8th grade students entered projects in the State Science Fair sponsored by the Illinois Academy of Science at the University of Illinois in Urbana-Champaign. The most students that have ever been sent before, were three. Winners were: Robert M. Hunt, who received an outstanding award for his project in the field of physics, "Thermodynamics of a Steam Engine."

Two students received 1st: John Prossie for "Seed Germination" in the Botany field; and Sherry Thompson for "Quicksand" in the Geology field.

Three students received 2nd place awards: Jody Meier for Crystal Creations in Chemistry; Sandra Vasey for Crystals Growing; Kathy Wurster, the third pupil to receive a second place, received hers for "Hereditry." Kathy was the only 7th grade student from Lake Villa School.

The highway is for sharing—not competing! If you must race enter the 500 at Indianapolis, where they will pay you for it.

## Scout Fun Fair Saturday, May 14

A flourishing of flags, a bugle call to assembly, and the Scout Oath, will mark the opening of the Northwest District Annual Scout Fun Fair. This ceremony at 1:00 p.m. Saturday, May 14, will officially open to the public a show which has required months of preparation by all the Boy Scouts in the District. The Lake County Fair Grounds will remain open until 8:00 p.m., thereby offering everyone an opportunity to enjoy what promises to be an interesting and enjoyable afternoon.

Mr. Robert vonDaeniken, Chairman of the Activities Committee, stated at a recent meeting that extensive efforts have been made to correct any or all of the shortcomings of previous Scout Fairs. This year's show is to be different in several respects.

## Arts Festival Slated In May

The First Annual Spring Arts Festival, sponsored by the newly-formed Lake County Arts Council will be held May 20 through 22 at Bowen Park.

The Art Council is a federation of several organizations, including the Lake County Art League, the Waukegan-Lake County Philharmonic Society, the Music Center of Lake County and the Waukegan Public Library. The Council was formed to serve as a clearing house for dates and compile a monthly calendar—to act as a pooling resource co-operative ventures, and to build and amplify a greater cultural climate in Lake County.

The group is making plans to include more cultural organizations in the Council.

### Scouting

Along with the booths manned by Cub Scouts, Boy Scouts, and Explorer Scouts, there will be several booths set-up and manned by members of District Executive

Committees. Purpose of their exhibits is to show the importance and method of operation of Adult Leadership.

The over-all purpose of the Fair, stressing the "Adventures for Youth," is that the

boys in Scouting can open their new year on the high note of showing all their relatives, friends, and neighbors, what Boy Scouts mean to them. Tickets may be purchased

## Some people used their phone books to...

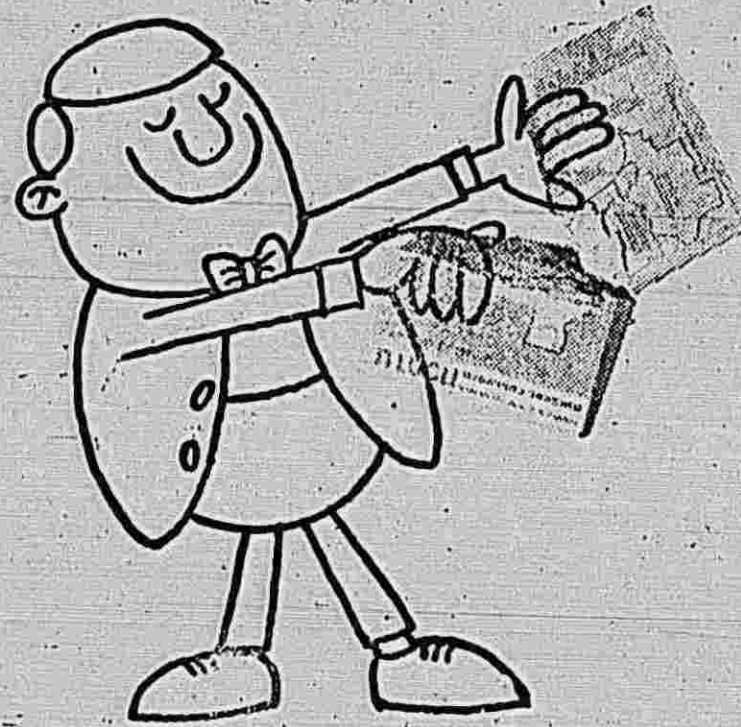

1. raise their children...

2. cure a broken leg...

3. air condition a room...

4. amaze their friends...

until we invented the "3 in 1" directory. It's here now.

Again this year, you're listed twice—in larger type—in your telephone directory. The front pages of your directory are more readable than ever before—packed with useful information to help you get the most from your telephone service.

To help speed your phoning, there's a detachable card in the book. List the numbers you call frequently, and keep the card handy for convenient reference.

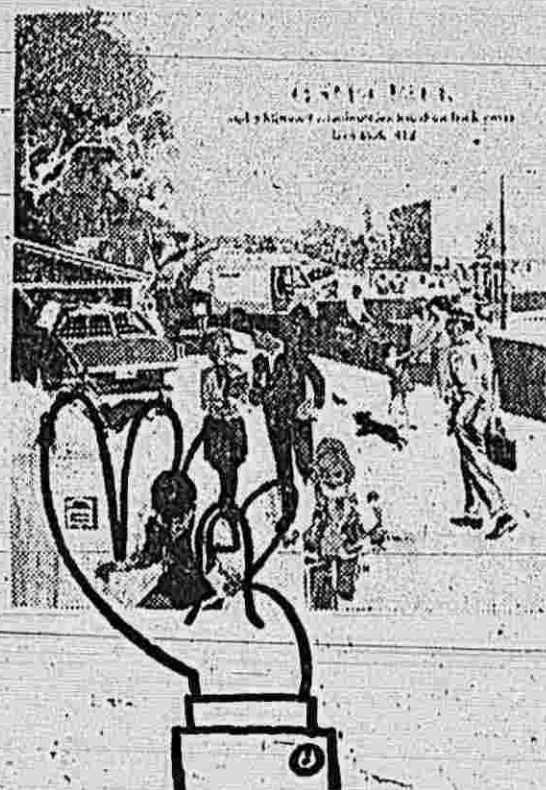

If you haven't received your all-new phone book, please call us at the business office.

Illinois Bell Telephone  
Part of the Nationwide Bell System

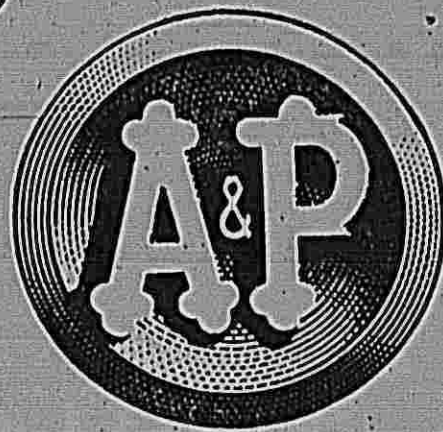

A convenient local section in front. You're listed here with just your neighbors. It's easier for you to find numbers for nearby calls.

Local "Yellow Pages" are in the center. Where to find products and services near you. Serves the same area as your new local listings.

Regional over-all listing in the back. You're listed again, along with everyone else living in the larger area around you.

# a lot of your neighbors have stopped baking pies!

Maybe it's because they discovered Jane Parker Pies... thousands have.

But...you say, "No thanks, there is nothing like a good home-baked pie." We agree...they're great."

But would you believe it if we told you our Jane Parker Pies taste home-baked? Probably not...until you've tried one.

Then you'd discover the crust is short and flaky like your own.

You'd discover the fruit is the kind you'd use... the best...juicy, not stiff with starch.

And if you popped a Jane Parker Pie into the oven and warmed it before serving, you'd discover a pie you'd be proud to call your own.

Are Jane Parker Pies a good reason for shopping A&P? They're one of many.
